BISBEE, ARIZONA, SATURDAY MORNING, NOVEMBER 26, 1904.

NO. 167

SOCIALISTS DENOUNCED BITTERLY

BY GOMPERS FOR "SNEERING TRADE" AGAINST CONGRESSIONAL COMMITTEE.

FEDERATION OF LABOR

Gets Into Another Hard Tangle at San Francisco—Occasioned by Consideration of Brewery Workers' Union Claim to Jurisdiction Over All Brewery Workers—Union Reprimanded.

San Francisco, Nov. 25.—After spending almost the entire day in a bitter debate, the dispute between the Brewery Workers' Union and the International Brotherhood of Engineers, Firemen and Teamsters was settled by the American Federation of Labor.

The vote on every point at issue was against the Brewery Workers' Union. Its claim was that all firemen, engineers and teamsters employed about the breweries should join the Brewery Workers' Union. The International Brotherhood of Engineers, Firemen and Teamsters objected to this, and introduced a resolution to the effect that workers in breweries be organized according to their respective crafts, and asked the convention to vote that all engineers, firemen and teamsters now in the Brewery Workers' Union shall leave the same and join organizations of their respective crafts.

The convention finally voted for the change. This permits the engineers, firemen and teamsters to elect who they or not they shall secede from the Brewery Workers' Union. It was charged during the debate that the Brewery Workers' Union had filed the places of engineers and firemen on strike in St. Louis and Belleville, Ill., with non-union men, and thereupon organized the strikers to be reinstated, and the convention so voted. They likewise voted that all injunctions pending or obtained by the Brewery Workers' Union against other organizations be withdrawn or dissolved.

The resolution to do away with the Washington lobby committee was voted down after the Socialistic delegates had made speeches in favor of its passage. The Socialists were opposed on the floor by President Gompers. The latter bitterly denounced the Socialists for what he termed their "sneering tirade."

STILL AFTER PAT CROWE.

Believed to Be in the City of Mexico and Officers Searching.

City of Mexico, Nov. 25.—Pat Crowe for whose capture, Cudahy, the millionaire Omaha packer is reported to have offered a reward of \$25,000 as the kidnapper of his little son, is thought to be in this city and the police are endeavoring to locate him.

Crowe is supposed to be the man who held young Cudahy for several days near Omaha until the father finally paid \$25,000 for his return. He has been sought in many parts of the world since, but has always managed to elude capture.

WOMAN SUFFRAGE IN FINLAND.

Petition to That Effect to Be Submitted to the Diet.

Helsinki, Finland, Nov. 25.—A proposal to establish women suffrage will be submitted to the diet. The petition will claim that Finnish women are fully competent to enjoy the franchise, the organic law of the grand duchy only providing that they shall not sit in the diet.

NEGROES REMOVED.

Those Threatened by Mob at Lexington Taken to Louisville.

Lexington, Ky., Nov. 25.—Garfield Smith and John and Ed Taylor, colored, today were taken under a heavy guard to Yarnall station seven miles from this city and there put on board a Chesapeake & Ohio train for Louisville, where they will be kept until the authorities believe it is safe for them to appear for trial here.

MAILED CONGRATULATIONS.

St. Petersburg, Nov. 25.—Emperor Nicholas has received a letter from President Roosevelt congratulating him on the birth of an heir, and tendering good wishes for a successful and illustrious reign.

THE ATTACK RENEWED

WASHINGTON, NOV. 25.—THE ASSOCIATED PRESS LEARNS ON EXCELLENT AUTHORITY THAT THE JAPANESE ARMY HAS BEEN ORDERED TO RENEW ITS ATTACK ON PORT ARTHUR TODAY, AND TO TAKE THE MAIN FORTIFICATIONS AT ANY COST.

ST. PETERSBURG, NOV. 25.—A TELEGRAM RECEIVED FROM GEN. KUROPATKIN UNDER TODAY'S DATE SAYS ALL WAS QUIET ON THE FRONT UP TO LAST NIGHT.

Will Gov. Brodie Go Up Higher?

RUMORS THAT ARIZONA'S GOVERNOR IS TO BE ADVANCED. AT WASHINGTON.

His Name Mentioned in Connection with Ambassador to Mexico—Others Say He will be Commissioner of Pensions.

For several months prior to the election it was understood by a number of people in Arizona who are usually well informed, says the Arizona Republican, that it was Roosevelt's intention, in the event of his election, to offer another federal position to Governor Brodie. The governor, it should be understood, took no part in the circulation of these rumors. Since the election this understanding, whether it has a substantial foundation or not, has become so general that there is now no impropriety in alluding to it.

What position the president has in mind for his esteemed comrade of the Spanish war, appears to be unsettled. Reports more or less plausible have it that the post of ambassador to Mexico is to be the plum. Others are of the belief that Governor Brodie is to succeed Colonel Eugene Ware as commissioner of pensions. Still another report is that the governor is to be appointed paymaster in the army, with the rank of major in the regular service. It is known that the Mexican ambassadorship will be open to some good man before very long Ambassador Clayton having some time ago signified a wish to retire at the end of this administration. It is known also that it will be necessary to appoint a new commissioner of pensions in the near future. Recently it was stated that Commissioner Ware had already tendered his resignation. He has never been satisfied with the position and remained in office solely on account of the president's earnest wishes in that regard.

SURFACE WATER RIGHTS.

Secured for New Sonora Mining Company Backed by Large Means—Big Things Expected.

Judge Richardson, of Douglas, was through the city Thursday evening enroute home from Arizona, Sonora, where he was in regard to business of the Pittsburg & Sonora Mining company.

This company took over copper property at Arizona recently, upon the occasion of the visit of Messrs. Conway, Neihardt and Gable, Pittsburg millionaires who spent several days in this city in October. It is their purpose to push development speedily on the Arizona ground and to that end they have a ready put to work a force of men. The immediate occasion of the trip of Judge Richardson to the property was to secure for the company's use surface water rights of which they will stand in need in pursuing the development of the property. That has been stated and in operating the machinery that will be installed the moment the ground warrants such step. The company is one of the strongest that has entered Sonora from the United States, representing capital that can readily carry out any scheme of development that may be decided upon for the property taken hold of.

MOB SEEKS NEGRO.

Searching Woods in Iowa for Fugitive Who Shot White Man.

Des Moines, Nov. 25.—James Price, a negro, is a fugitive from a mob of miners at the mining town of Fraser, in a quarrel today he shot and fatally wounded Thomas Albright, white, and then escaped to the woods. An angry crowd of miners started in pursuit with guns and a rope, determined to "lynch" Price. Sheriff Foster, of Boone county has organized a force of deputies and gone to the scene.

ZEMSTOVISTS OVERSTEPPED

St. Petersburg, Nov. 25.—Interfering Minister Sviatopolk-Mirsky went to Tsarskoe-Selo today to present the Zemstov memorial to Emperor Nicholas. The situation is extremely delicate.

Many of the minister's friends are inclined now to believe that the Zemstovists went too far and have jeopardized the position of their best friend, Prince Ukhtomsky, editor of the Vilkomost, said to the Associated Press.

The duty of all friends of the liberal cause is to uphold and sustain Prince Sviatopolk-Mirsky in every possible way. His retirement would be a great misfortune.

There was some talk this afternoon of an offer on the part of the government to compromise with the Zemstovs by giving them a voice in the council of the Empire, which is the law-making body. The proposition is to elect two members of each Zemstov to sit in the council and participate in its deliberations, but not to vote. Such a plan, it is pointed out, while not giving the Zemstovs a share in the law making, would insure a presentation of the views of the provinces on all laws enacted.

Good Exhibition at Agua Prieta

GENUINE SPANISH BULL FIGHT WITH WILD CHIHUAHUA BULLS IS PROGRAM.

Renowned Carro Chico Will Appear in the Arena With His Famous Troupe of Bull Fighters Who Have Just Concluded a Special Engagement at El Paso.

The first and only wild Chihuahuan bulls ever brought to this section for the purpose of a bull fight were unloaded at Douglas on yesterday. These bulls come direct from the ranch of Gen. Terrasas in Chihuahua, and are bred for this particular purpose. The management has gone to an expense of a thousand dollars a ready to give the public an opportunity of witnessing a genuine Spanish bull fight, which will take place in the bull ring at Agua Prieta on Sunday afternoon next, Nov. 27. Special rates have been made on all points on the E. P. & S. W.

Sunday's fight at Agua Prieta will doubtless be the only opportunity to see the great Carro Chico in this section, since he was engaged for only three fights in Juarez during the National Irrigation Congress at El Paso, and finally consented to give one fight only at Agua Prieta before returning to Mexico City to fill prolonged engagement. A fare of \$1 for the round trip has been made from Bisbee to Douglas Sunday.

The spectacle Sunday will be the only spectacular, daring, thrilling, Spanish bull fight ever witnessed in this section. The bulls and the fighters are the best and it will, in every way, be totally unlike the mimic exhibitions seen in this section heretofore.

TREATY WITH BRITAIN.

Washington, Nov. 25.—The state department today made announcement that this government hopes soon to conclude with Great Britain an arbitration treaty identical with those recently signed with France, Germany and other powers. The treaty will be signed by Secretary Hay and Sir James D. Murray, the British Ambassador.

Parting Reception—K. of P.'s assembled in their lodge room Wednesday evening to tender Rev. Harvey M. Shields a farewell. Thursday evening the Elks assembled for the same purpose. Both gatherings were largely attended.

Editor Dorr, of the Douglas Dispatch, is a business visitor in the city.

WRECKED BY TRAIN.

Cleveland, Nov. 25.—Fifteen people were injured, three of whom will die, as the result of a collision between a south bound train on the Cleveland & Pittsburg road and a trolley car on the Northern Ohio Traction line today near Bedford.

The trolley car was struck by the passenger train while the latter was running fifty miles an hour. The electric car was cut completely in two and wreckage thrown seventy feet to one side.

Bisbee Appetites Well Cared For

STRINGING OF PUNCHED MEAL TICKETS AT ENGLISH KITCHEN SO DEMONSTRATES.

\$100,000 Worth on Walls Thanksgiving Day—Gathered During 25 Months of Business—Represent a Third of Cashier's Receipts.

The English Kitchen made a demonstration of business Thursday that certainly afforded a splendid exhibition of the prosperity of the camp during the last couple of years as well as the prosperity of the eating place. Strung along the walls of the restaurant were 29,000 punched meal tickets, turned back to the restaurant after use by their purchasers during the last twenty-six months. The tickets represented cash receipts to the total of \$100,000. The restaurant management figures its ticket sales at one-third of the total income on receipts from the tables and lunch counter. At this rate the income of the restaurant during the last 26 months would represent a total of \$300,000.

The income to one restaurant of the number doing business in the city speaks for itself, in so far as the business activity and life of the town is concerned. There is no better gauge of prosperity of a community than the liberality with which it treats its stomach. On that basis the showing of the English Kitchen puts Bisbee where it belongs, at the top notch.

MARQUESE DES MONSTERS ILL.

Titled American Who Recanted Roman Faith in Serious State. Rome, Nov. 25.—The Marquise des Monstiers, formerly Mary G. Caldwell, who recently renounced the Roman Catholic faith, has been seriously ill with paralysis, and today there was a sudden change for the worse. She is now unable to articulate clearly, and is almost totally deaf. Dr. Brook, who is attending her, has forbidden visitors.

Broken Leg—J. A. McBride, who has been acting as assistant superintendent of fire main construction, was caught beneath a pile of pipe that suddenly rolled from an embankment yesterday morning. His right leg was broken near the ankle. Dr. Hart was summoned and attended to the injury. Owing to the advanced years of the injured man, who is 64, the injury is more serious than it would otherwise be considered.

HARCOURT'S CASE.

Los Angeles, Cal., Nov. 25.—At the request of District Attorney McComas, the habeas corpus proceedings instituted by J. C. Harcourt, who is wanted in Tucson on a charge of swindling A. Steinfeldt, was continued by Judge Smith. Another complaint was filed against Harcourt today charging him with being a fugitive from justice. As the case was continued, the warrant in the last case was not served on the prisoner.

Japanese Report Marked Headway

ASSERT THAT SAPPERS HAVE REACHED CENTER DITCHES AT PORT ARTHUR.

Say They Will Occupy Forts Shortly. Claim Shelling of Parapets by Their Guns is Inflicting Heavy Damage. Claim Important Captures.

Tokio, Nov. 25.—It is reported that Japanese sappers directed against Rihlung, Sungshu and East Keekuan mountains have reached the base of the center ditches.

Defensive works outside of the parapets of Rihlung mountain and Sungshu mountains are reported captured, leaving the Russians in possession of the parapets only. The Japanese guns are shelling the parapets and inflicting heavy damage. The occupation of Port Arthur proper would seem certain within a short time.

EXPECT TERRIFIC ASSAULT.

CONFIDENT OF STOESEL.

St. Petersburg, Nov. 25.—There is lack of news from the front today. Reports that the Japs are concentrating their energies for a desperate assault on Port Arthur, in view of the approach of the Baltic squadron, is quite generally credited in official quarters. Such a move has been expected to transpire as soon as the Japanese learned that the squadron's trip was actually and no mere demonstration.

The Russian authorities are prepared to hear terrible reports of the projected assault. While not hazarding a guess as to whether the fortress can be carried, as the besiegers are utterly regardless of life, they are confident Gen. Stoessel will be able to make such an attack one of the costliest operations in history.

JAPS PUT TO ROUT.

Mukden, Nov. 25.—The Japanese made a fresh attack on Poutloff Hill the night of November 22. The advancing ranks were decimated by a Russian shell fire. Some of the Japanese secured lodgment on the slope of the hill, but were driven out at the point of the bayonet, when the whole Japanese contingent fled. A similar attempt was made the same night south of Erdagzou, which also was repulsed with a bayonet charge. The Japanese lost heavily, while the Russian loss was thirty killed.

AGREEMENT SIGNED.

St. Petersburg, Nov. 25.—The North Sea convention was signed at the Foreign office this afternoon by Foreign Minister Lamedorff and Ambassador Hardinge.

KINDERGARTEN WILL CLOSE.

Patronage Has Not Been Sufficient to Pay Expenses of Conduct—Excellent Work Done.

An announcement carrying much regret to the limited number who have patronized the kindergarten started in the city early in the fall, is contained in the statement that the institution will suspend its work on Wednesday next.

The ladies who have had the management of the school have worked hard to arouse interest in it and secure sufficient patronage to warrant its continuance but have failed to secure the support of the public to sufficient extent to pay operating expenses. Those who have patronized the school have nothing but words of praise for the teachers, who have demonstrated full capacity to handle the work in which they were engaged. Aside from the education features afforded by the kindergarten, the difficulty found in obtaining competent nurse girl service in the city makes it seem strange that the lack of patronage should prevail in regard to the institution that has been contented with.

WASHINGTON POLITICAL MATTERS

NEW RULING AS TO PAY, WHICH AFFECTS FEDERAL OFFICIALS' SALARIES.

NAVAL APPROPRIATIONS

For Year Reach Enormous Total. Republican Majority in House as Large as Democratic Membership. Cockrell to Be Kept in Public Serv. ice.

Washington, Nov. 25.—An important opinion, which will set a precedent of great interest to all federal officials who are appointed by the President, will be rendered in a few days by the comptroller of the treasury. The decision will establish the title of officials to draw pay until their successors qualify. The point was raised by Melvin Grigsby, of South Dakota, who was district attorney for the Nome, Alaska, district. Charges of accepting bribes and of taking a retainer in a civil suit in which the government was not a party were filed against Mr. Grigsby, but he was permitted to resign, and his resignation, to take effect June 30 last, was accepted. His successor was appointed, but he failed to qualify until June 29. Mr. Grigsby, who had been occupying the district attorney's office between the time of his resignation and the qualification of his successor, contended that he was entitled to twenty-nine days' pay, although his resignation had been accepted and he was considered out of office. The comptroller will decide that Mr. Grigsby's claim is proper, and that no matter how much time may elapse between the resignation of an official and the qualification of his successor, the outgoing official is entitled to pay for that time.

In the next house the Republicans will have a majority almost as large as the entire Democratic membership. According to unofficial returns, the clerk of the house figures out that the Republicans will have 252 members and the Democrats 134, a Republican majority of 118. Speaker Cannon, by tact and diplomacy, will be able to handle this large majority and will be assisted in maintaining discipline by the absence of some of the more aggressive and skilled Democrats, who went down to defeat at the last election.

Naval estimates for the fiscal year ending June 30, 1906, aggregate \$114,530,633, an increase of \$17,372,445 over the last appropriation. The estimate for the navy department proper is \$768,610. Following are the principal items in the estimates:

Pay of the navy, \$20,000,000; pay, miscellaneous, \$600,000; commissariat, navy, \$55,000; bureau of navigation, \$1,779,750; bureau of ordnance, \$5,105,506; bureau of equipment, \$6,724,228; bureau of yards and docks, \$991,585; public works, bureau of yards and docks, \$6,764,020; Secretary of the Navy (naval academy), \$1,945,000; public works, bureau of navigation, \$156,000; public works, bureau of ordnance, \$504,560; public works, bureau of medicine and surgery, \$355,000; bureau of supplies and accounts, \$5,583,932; bureau of construction and repair, \$5,410,024; bureau of steam engineering, \$4,322,720; naval academy, \$349,675; marine corps, paymaster, \$2,592,596; quartermaster, \$2,412,296.

The estimate for the pay of the navy is an increase of \$675,907 over the last appropriation. Under public works, bureau of yards and docks, \$4,157,000 represents new items, and under public works, bureau of navigation, \$125,000 is for a naval training station in Rhode Island.

Following are the total estimates under the head of "increase or decrease navy":

Construction and machinery, \$30,410,832; armor and armament, \$11,600,000; equipment, \$845,000. These involve an increase of \$13,423,973 over the last appropriation.

While no announcement has come regarding the president's action in the selection of a man to succeed Colonel Frank J. Hecker on the Isthmian canal commission, it is known that he is considering seriously the appointment of Senator Francis M. Cockrell of Missouri to the vacancy. It is estimated that Senator Cockrell himself practically will have the determination of the matter. If his health will permit him to undertake the arduous work of the commission, it is reasonably certain that he can have the appointment.
